Commissioner for Patents

RESPONSE TO NOTICE TO COMPLY

charged to Deposit Account No. 50-1213. If a Petition for extension of time is needed, this paper is to be considered such Petition.

The replacement Sequence Listing differs from the Sequence Listing as originally filed in that the replacement Sequence Listing reflects corrections made in response to the Raw Sequence Listing Error Report supplied with the Notice to Comply, mailed February 5, 2002, as follows:

The General Information section has been amended to include the application number and the filing date. The General Information section has also been amended to list the Prior Application Data under item number (vii) instead of item number (vi);

In SEQ ID NOS. 1-34, under item number (iv), the word "ANTISENSE" has been replaced with —ANTI-SENSE—; and

In SEQ ID NO. 9, the amino acid numbering has been added.

These corrections are formal and responsive to the Raw Sequence Listing Error Report and the Notice to Comply mailed February 5, 2002, and thus no new matter has been added.
